Sir,

The Dental Council of India is a statutory body constituted under an Act of Parliament i.e. the Dentists Act, 1948. In consonance of the provisions of the Act, one of the main objectives of the DCI is the maintenance of the uniform standards of dental education in the Country both at Under-Graduate and Post-Graduates levels. It has come to the notice of the DCI that various fellowship programs are being conducted by different Universities in different part of the Country without any consultation of the Dental Council of India. 3. In view of the above consideration, as decided by the Executive Committee/Academic Committee of the DCI, in its meeting dated 13.11.2017/26.10.2017, I am directed to request you to furnish the information/documents of curriculum being followed by your University/speciality association for fellowship program's in your University, for consideration and to draft the minimum norms/guidelines for conducting fellowship programs in dentistry.

4. The above information/documents may be forwarded by email/speed post to the Council at the earliest.

Yours faithfully,
