**SPEED POST**

**भारतीय दन्त परिषद**  
**DENTAL COUNCIL OF INDIA**  
(CONSTITUTED UNDER THE DENTISTS ACT 1948)

No.DE-1-2016/ 2609

Dated the 9 June, 2016

To

The Principals of all the Dental Colleges

Sub: **No objection certificate for doing one year internship programme - regarding**

Sir/Madam,

It has come to the notice of the Dental Council of India that many of the Students get themselves transferred directly, for doing their one year internship programme in dental institutions without getting prior permission of the DCI. They applied to DCI for the purpose after getting admission directly in the dental institutions which now has become the routine of the student to get NOC from the DCI after admission. Even some of the student ask no objection certificate from the DCI after completing their one year internship programme and some ask in the mid of their internship programme and more so they do their one year internship programme after splitting into few of months institutions wise.

2. To combat with such kind of problem being faced by the DCI, the Executive Committee of the DCI in its meeting held on 18.05.2016 after taking note of the above scenario and after discussion and deliberation decided as under:-

That a circular to the Principal of all the dental colleges be issued immediately directing, them that they may not admit any of the student who seek admission in their institution for the purpose of doing one year internship programme, without providing the prior NOC from the DCI which is mandatory along with NOC from his/her parent dental institution. If any student approach their institutions, it is compulsory for the college authority to ask the prior mandatory NOC issued by the DCI from the student before allowing him/her for the said internship programme at their institution. If any student found to be admitted by the college authority without providing the prior NOC of the DCI, the college authority shall solely be responsible for the same and the DCI will not consider such request of the student who applied after admission or after completion of the said internship programme in any circumstances. The college authority is adhere to follow these directives of the DCI strictly with immediate effect.

3. With the above decision of the Executive Committee, I am directed to request you to kindly not to allow any of the student in their dental institutions without providing by them the prior NOC from the DCI for doing one year internship programme in any circumstances. All the Dental Institutions are expected that the above direction of the DCI will be followed strictly.

Yours faithfully

(M.L. Meena)

Secretary Incharge  
Dental Council of India

CC:

1. The President, Dental Council of India, New Delhi
2. DE-55-2016/E.C. 18.05.2016/Misc-III, Item No. 10(1).
